8a Westbrook, Darlington, DL3 6TD

A street steeped in rich Darlington history and prominent within the historical world's first passenger railway journey. Westbrook boasts a number commanding townhouses, several being of individual design and build and all boasting immense character. One of which is number 8a, which we are bringing to the market in ready to move into order whilst also offering a new owner the potential to make the home their own.

The generous accommodation is set over four floors with modern convenience blending seamlessly with the characterful origins of the home. Ideally placed for walking distance to local shops, schools the town centre and a major supermarket. There are regular bus services and excellent transport links also. North Road train station is close by and Darlington's 'Hopetown' museum celebrating the town's railway heritage is very close by.

The current vendors have improved the property during their ownership which includes a rewire. 8a Westbrook is well presented and finished with stylish decor in period tones which really complement the high ceilings and original features. A brief summary of the accommodation is as follows: The original front door opens into the reception hallway and the lounge is to this floor along with a study/utility room. A rear hallway has access to the garden. Steps down to the basement arrive at the kitchen and dining area and there is a handy WC. On the return landing towards the first floor there is a WC and bath, leading to a double bedroom. On the first floor there is the principle bedroom and family bathroom. Stairs from this floor lead up to the second floor where there are two further bedrooms, which are serviced by a shower room/WC with electric shower.

Externally the front of the property is enclosed by a brick built wall with wrought iron railings. There is a garden to the rear which is screened with the stone wall of the coal drops from the original Darlington to Stockton Railway. The garden is paved with raised garden beds and a useful storage shed which has electric supply.

The property is heated by gas central heating with the central heating boiler being installed in October 2021.
