Home Estate Agents are privileged to offer for sale this truly individual four bedroom detached residence on the highly sought-after Hillside Crescent, an architecturally striking home enjoying an elevated position with wonderful views across Leigh-on-Sea towards the Thames Estuary.

Remodelled in 2007 by an award-winning local architect and subsequently used as his own family home, the property has been thoughtfully designed around light, space and its exceptional outlook. Vaulted ceilings, extensive glazing, galleried spaces and multiple balconies combine to create a home with a distinctive contemporary character.

The ground floor provides superbly versatile accommodation. A dramatic entrance hall leads to a generous dining area and stylish fitted kitchen with stone surfaces and Siemens appliances. The lounge opens directly onto the south facing garden and flows into a fitted study, while a guest bedroom, WC and separate utility/shower room provide excellent flexibility.

Upstairs, the galleried landing leads to three further bedrooms and a stylish family bathroom with freestanding bath. The principal bedroom is a particular highlight, with extensive fitted storage, multiple skylights and direct access to a large south facing balcony enjoying far-reaching Estuary views. Further bedrooms also benefit from private balcony access.

Outside, the unusual plot provides two distinct garden spaces, including a south facing garden arranged over decked levels and a further garden offering another private outdoor retreat. There is also off street parking and a garage.

Hillside Crescent is one of Leigh-on-Sea's most distinctive residential settings, combining an elevated and peaceful position with excellent access to Leigh Broadway, Old Leigh, the seafront and Leigh Station. This is a genuinely individual home where the architecture, outlook and lifestyle come together beautifully.
