PLANS TO EXTEND:

> The plans/drawings to extend gives the buyer MULTIPLE OPTIONS;
With the first option to not necessarily extend but to create three bedrooms, an en suite and family bathroom to the first floor by adding a dormer to the width of the rear of the property. This option would naturally require no groundworks, and would allow all reception rooms downstairs to remain as reception rooms or have use as additional bedrooms.

Option 2 would be ideal for those looking for more of a bungalow style set up, with the option to extend the full width to the rear of the property (ground floor), creating a substantial open-plan living space and modern kitchen with folding doors overlooking the garden, and retaining two bedrooms to the first floor and potentially two more to the ground floor.

And option 3 would be to complete both options and complete both a ground-floor and dormer extension - creating a large home with upto five bedrooms and three reception rooms, plus en suite to the first floor, additional cloakroom/wc & utility room to the ground floor.

Approximate room sizes are as follows;

Ground Floor:-

Reception Hall:

UPVC entrance door and window to front/side aspect (fitted in 2021). Newly laid grey oak effect wooden flooring,
Doors to lounge, kitchen, study/play room and family bathroom, storage/airing cupboard, stairs to first floor with newly laid carpet, radiator.

Study/Play Room or Bedroom
