Agents Note

The owners had to claim for subsidence in 2015. The house did not require underpinning as foundations were solid, so we looked into less invasive and more effective/modern day techniques and found Geobear. They pumped a resin into right hand corner of the lounge floor to lift it back into place.

These particulars, whilst believed to be accurate are set out as a general outline only for guidance and do not constitute any part of an offer or contract. Intending purchasers should not rely on them as statements of representation of fact, but must satisfy themselves by inspection or otherwise as to their accuracy. No person in this firm's employment has the authority to make or give any representation or warranty in respect of the property.

To comply with Anti-Money Laundering regulations, a £21 per person fee will be payable on all accepted sales.
