The village is well situated for transport connections, with the A5 in close proximity, and Leighton Buzzard mainline station just an 8 minute drive away, which boasts trains to London Euston in as little as 30 minutes.

Ground Floor:

A striking stained glass front door opens into a welcoming and central entrance hallway, immediately setting the tone for the character and scale of the home. From here, stairs rise to the first floor and doors open to the principal ground floor rooms, highlighting the versatility on offer. To the right of the hallway is the impressive main living room, stretching to approximately 28ft in length. This is a superb space for families and entertaining alike, comfortably accommodating a full range of living room furniture with distinct seating areas, whilst enjoying plenty of natural light. To the left sits the sitting room, a charming and more intimate reception space featuring a character fireplace and an elegant curved bay window to the front aspect, making it ideal as a snug, formal lounge or reading room. Positioned further along the hallway is a ground floor bathroom, fitted with a modern three piece suite comprising a low level WC, vanity wash hand basin and panel bath, finished with stylish contemporary tiling, ideal for guests or multi-generational living. The kitchen/breakfast room forms the heart of the home and benefits greatly from its irregular shape, allowing for a practical yet sociable layout. Fitted with a range of wall and base level units and space for a variety of appliances, the room also provides ample space for a breakfast table and additional furniture. A traditional pantry sits neatly in one corner, while a roof lantern floods the space with natural light. Doors from the kitchen lead directly into the conservatory, seamlessly connecting indoor and outdoor living. Opening off the kitchen is the dining room, another generous and flexible space which could equally serve as a fifth bedroom or home office if required. This room also enjoys direct access into the conservatory, reinforcing the adaptable nature of the accommodation. The conservatory itself is of UPVC and double glazed construction, providing a pleasant outlook over the rear garden and an excellent additional reception space for use throughout the year.

The first floor landing is a particularly impressive feature, enjoying dual aspect windows and a sense of space rarely found in period homes. From here, doors open to four genuine double bedrooms and the family bathroom. The master bedroom benefits from generous proportions and includes a refitted en-suite shower room, fitted with a modern three piece suite comprising a low level WC, vanity wash hand basin and shower cubicle, finished with fashionable tiling in keeping with the rest of the house.
