Location:

Ground Floor:

The accommodation begins with an entrance hall providing access to the cloakroom/WC and the living room. The L-shaped living room is a particularly generous space, offering flexibility in layout and ample room for a variety of furniture arrangements. Quality wood effect flooring flows throughout the ground floor, creating a cohesive and stylish finish. A door from the living room opens into a snug - a versatile room which could serve as a playroom, home office or additional sitting area. This space is open plan to the kitchen/dining room, forming a sociable and adaptable area ideal for everyday living and entertaining. Stairs rise to the first floor, and a door leads to the utility room which provides space for a washing machine and tumble dryer, along with a side door offering convenient external access. The kitchen/dining room has been refitted with a modern range of wall and base level units, offering excellent storage and work surface space. There is provision for an American style fridge freezer and range cooker, catering perfectly to family needs. The dining area is well positioned to enjoy views over the rear garden via double glazed French doors which open onto the patio, creating an easy connection between indoor and outdoor spaces.

First Floor:

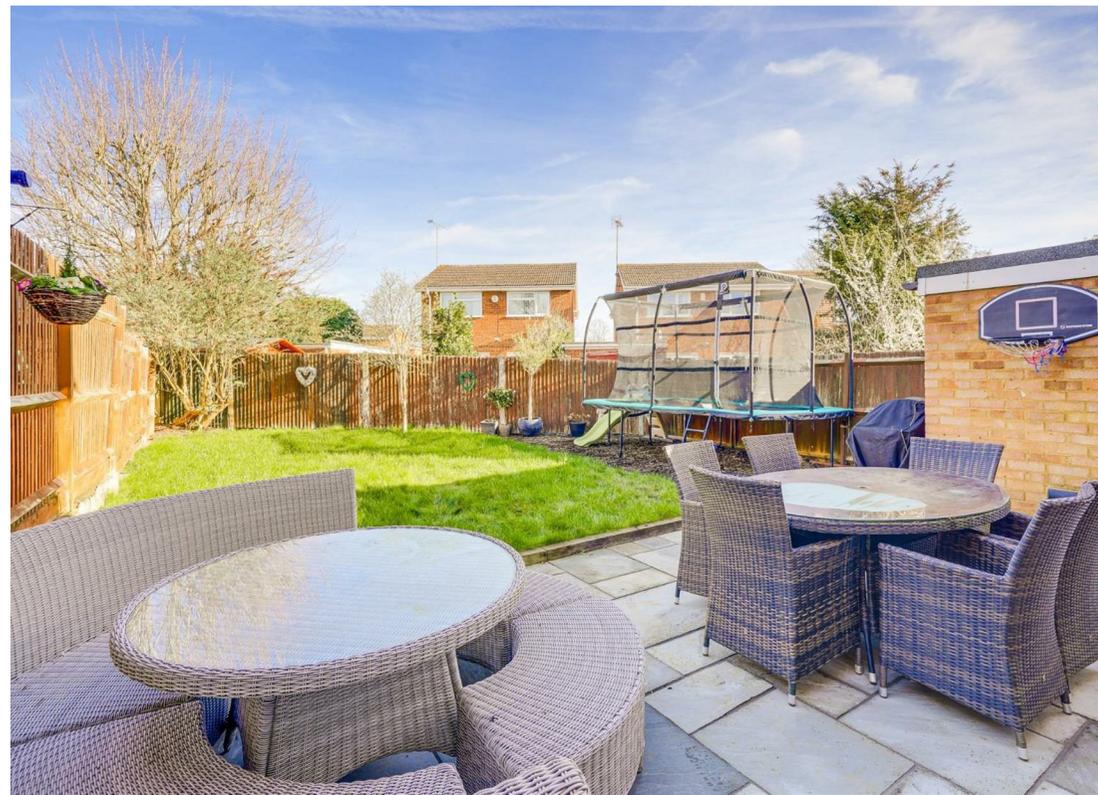

The landing is naturally bright, benefitting from a Velux window and providing access to all four bedrooms and the family bathroom. There is also a built-in storage cupboard, built-in airing cupboard and loft access. The master bedroom sits to the rear and features fitted wardrobes along with a fitted ensuite shower room, finished with matching tiled walls and floor, low level WC, pedestal wash hand basin and shower cubicle. A central guest bedroom is enhanced by a large Velux window and laminate flooring, while to the front of the property is a further double bedroom with built-in wardrobe. The fourth bedroom is a generous single room, also benefitting from built-in wardrobes. The family bathroom has been fitted with a four piece suite comprising low level WC, pedestal wash hand basin, panel bath and separate shower cubicle, with tiling to water sensitive areas.

Outside:

To the front, a block paved driveway provides off-street parking for three vehicles and continues along the side of the property to the garage. To restore to use as a garage - a garage door would need to be reinstated. The rear garden has been thoughtfully landscaped to create an excellent family space, featuring a generous paved patio area, lawn and a separate play area. A courtesy door provides access into the garage, which is supplied with power and lighting.
