## About The Property

An end of terrace house, now in need of modernisation, with a large corner plot offering a terrific opportunity to create a wonderful family home, perhaps with an extension to the side and garaging/outside room. The property is built of REEMA construction which limits buying to cash buyers only.

It is situated in a very popular location, a stone's throw of local shop/post office and schooling, whilst the city centre and railway station are within a lovely walk via the town path through the water meadows.

The accommodation consists of entrance hall with stairs to first floor and storage cupboard beneath, a sitting room to the front with we believe a blocked off fireplace, utility room with door to garden, work surface with cupboard below as well as plumbing and appliance space, kitchen with a good range of units, appliance space and wall mounted gas boiler for central heating and hot water, two double bedrooms, single bedroom and bathroom. Stairs lead up from bedroom 2 to a very useful loft room running the width of the house with velux window. There are great Cathedral views and double glazed windows. The property is offered with no onward chain.
