## About The Property

This is a nicely presented three-bedroom detached house in a well-regarded village location, offering a great mix of comfort and practical features. Set back from the lane behind a carefully maintained front garden, the house comes with off-road parking and a detached garage with an electric door.

Inside, there is an entrance hallway with a downstairs W/C, stairs rising to the next floor and door leading to the main living space to one side and the kitchen to the other.

The lounge is an open space, centred around a wood-burning stove that gives a nice feel in the colder months. There are patio doors leading directly into the conservatory, which looks out to the rear garden and the woodland beyond. The conservatory offers a place to sit without being directly in the elements, and the view out the back gives a feeling of space and privacy.

The kitchen is well arranged, with enough room for a dining table and plenty of cupboard space. Built-in appliances include an electric oven, fridge-freezer, dishwasher, and electric hob. The sink is positioned with windows looking out to the rear and side, which brings in natural light while working at the counter. Off the kitchen is a useful utility room with storage cupboard and space for both a washing machine and dryer, with a door out to the garden. There's also a wall-mounted gas boiler neatly out of the way.

Upstairs, there are three bedrooms. The main bedroom benefits from smartly designed built-in storage, making the most of the space. The other two rooms would work well as either bedrooms or a home office or study, depending on need. The family bathroom is a good size, with a walk-in shower, separate bath, WC and sink — all laid out with function in mind.

Externally:

To the front, the garden has been carefully planted, adding a splash of colour without being high-maintenance. There's gated access from both the lane and the off-road parking area, which is situated by the detached garage with an electric roll-top door and carport.

The rear garden is mostly paved, and wraps around the side of the house with a raised decked area that works well for outdoor seating and where potted plants add an assortment of colour and interest. There is also

space for a garden shed. Beyond the back fence, woodland gives the rear of the house a more private outlook.

This is the sort of house that's been looked after and is ready to be lived in from day one. The location adds real appeal — being part of a village that continues to be in steady demand, with the kind of setting that suits a range of buyers.
