Situated within a modern residential development in the popular village of Penparc, this attractive mid-terraced property provides comfortable, low-maintenance accommodation that would suit first-time buyers, local families, downsizers, or anyone who fits into the affordable local restrictive covenant criteria, seeking an energy-efficient home close to the coast.

The property immediately presents well from the front, with a block paved driveway providing off-road parking for two vehicles. Solar panels on the roof help improve the home's energy efficiency and contribute towards lower running costs. A covered side passage provides useful access directly through to the rear garden without needing to pass through the house.

The entrance hall is bright and welcoming, with a fresh, neutral décor that continues throughout much of the property. The staircase rises to the first floor, while practical storage has been thoughtfully incorporated with both an understairs cupboard and a separate utility cupboard housing laundry facilities and the LPG central heating system.

To the front of the property, the living room offers a comfortable and well-proportioned reception space. Large windows allow plenty of natural light to enter, creating a pleasant room for everyday living, relaxing, or entertaining guests. The neutral colour scheme provides a blank canvas ready for a new owner to personalise.

Details Continued:

To the rear, the kitchen/dining room forms the heart of the home. Fitted with a range of modern grey base and wall units complemented by ample worktop space, the kitchen offers both practicality and style. Integrated cooking facilities and generous storage make it well suited to everyday family life. There is ample room for a dining table, while the rear-facing window and door provide pleasant views over the garden and allow easy access outside.

Completing the ground floor is a useful cloakroom/WC.

The first-floor landing provides access to two generously sized double bedrooms and the family shower room.

Bedroom one is an impressive principal bedroom with a built in double wardrobe

and ample space for a king sized bed and additional furniture. Dual aspect windows allow natural light to flood the room, while the generous proportions create a comfortable and relaxing space.

Bedroom two is another excellent double room overlooking the rear of the property, providing flexibility for family members, guests, or those working from home.

The shower room has been fitted with a contemporary white suite comprising a large walk-in shower, wash hand basin and WC. Modern tiling and clean finishes create a bright and practical space.

Externally:

Externally, the rear garden is fully enclosed, making it suitable for children and pets. Currently laid mainly to lawn with a small paved seating area and garden shed, it

offers an excellent opportunity for further landscaping and personalisation to create an outdoor space tailored to individual tastes. Whether creating entertaining areas, planting borders, or introducing additional seating, there is plenty of scope to enhance the garden further.
