"There are so many things I love about this home. The garden is a real highlight, with plenty of exposure to sunlight. From early morning the back garden is bathed in sunshine, right through until late evening! The house is also ideally located around 20/30 metres away from the Bristol and Bath Cycle Path, offering easy access not only to the city centre but also to areas beyond Bristol (almost like having your own personal tube system you can hop on and off all over!). The house itself is incredibly cosy and homely, with a lovely old-fashioned charm. From the fireplace in the lounge to the high ceilings, funky staircase and exposed brick pillar in the main room, it has so much character and a really unique feel. To top it off with no through traffic and extremely lovely (and quiet) neighbours will makes you feel truly at peace whenever you're home."
