I've absolutely loved my time in my beautiful home. As a woman on my own it was so important to be somewhere I felt safe, and I couldn't have picked a better flat and area. The sense of community within the street is lovely, from families to students it's such a friendly place to live.

I felt at home instantly and being able to bring the flat to life with colour has been so much fun. Being at the top of the building means I get incredible views but also a surprising amount of space! I'm so lucky being able to watch the hot air balloons come past my windows each Summer. The sunshining through the kitchen windows through the trees honestly feels so special. I especially love the long Summer evenings with the windows wide open and hosting friends round for drinks."
