"Living at Armidale Place has been an absolute joy. The flat is very low maintenance and incredibly energy-efficient – it's so well insulated that I've rarely needed to put the heating on. It's full of natural light throughout the day, especially with the two Juliet balconies. In summer, I love opening them wide, enjoying a book in the sun, and watching the local cats wander across the rooftops. It's been such a peaceful and happy home."
