*"Chapel Mews has been a wonderful first home, and I've loved living here for the past 8 years. With its gorgeous church windows and high ceilings, the flat feel really spacious. The local area has loads to offer with cafés, pubs, green spaces and the cycle path on your doorstep. There are several supermarkets just across the road and JD Gym is a one minute walk away. The neighbours are all super friendly and we have a group WhatsApp in case you ever need anything! There's bike storage in the garage and parking is never a problem with plenty of available spaces just round the corner."*
