We've poured our hearts into completely renovating this BS3 end-of-terrace home to create the perfect space for our growing family. One of our favourite features has been the garden – it's been a true extension of our home, hosting summer family parties and endless games with the kids. We've also loved having fantastic schools within walking distance, giving our children the chance to build lasting friendships right in the neighbourhood. And the off-street parking has been an absolute lifesaver, making everyday family living so much easier.
