"Beckford House has been such a special place to call home. I've loved spending time on the balcony, soaking up the sun and enjoying the city views. Living in the heart of Stokes Croft, I've been surrounded by creativity, community, and a vibrant local scene. It's the perfect mix of relaxed city living and neighbourhood buzz. As my first home, it's held some truly great memories, and I hope the next person loves it just as much as I have."
