"This has been a wonderful first home for us. The view across the city from the garden is amazing and quite a rare thing to find in a garden flat. We love living in Totterdown because of the lovely community here, the abundance of green spaces, and the great places to eat and drink. Perrett Park is a five-minute walk away and our favourite place to watch the sunset or the Balloon Fiesta. Renovating the flat has been a joy, and we hope the next owners enjoy living here as much as we have."
