*"Having lived here for 12 years, all of the decor has been done by us and in our style - colourful and relaxing - to compliment the original ceiling features and the original wooden floor. The stain-glass windows above the front door were designed and hand-made by my father. We've also worked on the garden to make it lush and green. It really bursts into life during the summer! The house has been our home for over a decade with it's lovely layout, catching afternoon and evening sun in the garden but since starting a family, we've decided to move to be closer to family."*
