*"Our house on Bellevue Road was a perfect first home for our young family. The garden is a real suntrap and the trees and greenery across the gardens provide a lovely backdrop and good sense of space. We especially loved the master bedroom in the loft which has been our little sanctuary and is perfect for hot air balloon spotting. St George is a great neighbourhood with plenty of good parks, food and coffee spots including Orchard, Beese's Tea Room, and the newly refurbished Rose and Crown pub."*
