2 Bathrooms

"We love the morning light in the kitchen through the bay windows and it is the perfect spot year round to enjoy a coffee. The space we have upstairs is fantastic and the kids use the kitchen, hallway and living room as a running track! The garden is a mini-oasis on a Sunday morning in the summer. All you can hear is bird song and it has a great mix of sun and shade throughout the day. The Elton road community and finally, the proximity of the Gloucester road shops, cafes and restaurants!"
