"Upper Sandhurst Road has been our home for the last 9 years. Whilst there we have become a family of four and made many happy memories. We have absolutely loved living in the area and expanded our home to suit our growing family. Surrounded by lots of green spaces, brilliant primary schools and the ever-expanding independent shops and cafes that are on Sandy Park Road, it is a perfect place to have young children and a dog! In summer we would take the dog to the nature reserve after school and feed the friendly ponies at the farm, then head back to our road and get an ice cream from the award-winning ice cream shop at the bottom. I will miss our wonderful neighbours and being able to pop to the Deli and Greengrocers on Sandy park Road to get delicious things to eat!"
