"Our family love to hang out in our kitchen diner which is cosy in the winter with underfloor heating, and sunny in the summer with the door leading straight out to our spacious garden. We've put a lot of care into creating the perfect cosy base in which to explore all that St George has to offer. Having such a great park just a street away is such a perk - our son has spent hours perfecting his cycling in the skatepark and we've fed the birds in the lake more times than we can count."
