"We've loved making this property our own since renovating it and becoming parents in it. As an avid baker I spend a lot of time in the kitchen, which is open and looks out onto the generous garden. It's great to have two reception rooms, one of which has become a playroom while the other is our relaxing space. The characteristics, such as the serving hatch, make it unique. Close to Kingswood, Fishponds and Staple Hill highstreets."
