"Our home on Brooklyn Road has been the perfect first place, a sunny garden where veggies thrived and friends gathered, and peaceful walks through Manor Woods just around the corner, magical in spring with wild garlic. We've loved being a short stroll from lively North Street while enjoying the calm of a quiet street. We've poured our hearts into making this house cosy and welcoming, and we'll truly miss it. We hope the next owners love it as much as we have."
