We've loved living in this house and have made so many happy memories here. The open kitchen/ dining space is the centre of our home. We've hosted many parties here and spend most of our family time in this space, with the dining room doubling up as a playroom. In the summer, our sunny garden is a haven in which to hang out. The lovely apple tree providing privacy, shade and beauty, particularly when it's in blossom. In the winter, it's especially wonderful to relax in our cozy living room in front of the log burner. We hardly ever leave this glorious Easton bubble with its fabulous community feel. However, the cycle path is great for easy access into the city centre.
