Hightown Cottage Peterstow, Ross-On-Wye, HR9 6LD

We are proud to offer for sale this exceptional Grade II Listed property, believed to date back to the late C17 to early C18. Mostly stone built, with a wonderful timber-frame and brick gable to one end, the property has been conscientiously maintained by the current owners and offers spacious accommodation which retains lots of the original character, with a wealth of exposed timbers throughout, oak internal doors and an attractive feature fireplace with bread oven all of which benefits from oil fired heating. The property stands in delightful level gardens, with attached paddock, the whole extending to approximately ½ acre, where there is a range of outbuildings including summer house, pig shed, aviary, workshop and games room.

The house sits back nicely from the country lane used to access the property, on the fringes of the village of Peterstow which benefits from a village shop, regular bus service, St Peters Church and village hall and two pubs! A wider range of amenities are available in the nearby market town of Ross-on-Wye which is 2.5 miles away and the M50 is 3.5 miles distant, opening up access to the Midlands and the South West.

Outside 8'10" x 9'11" (2.69m x 3.02m)

The property is approached to the front via a wooden 5-bar gate leading onto the gravelled driveway with parking for multiple vehicles. The front garden is a good size and laid to a neat lawn with a couple of trees planted within and a mature copper beech hedge to the front boundary. A concrete path leads to the Utility Room, 2.68m x 3.03m (8'10" x 9'11") with window to side, tiled floor, power points, light, radiator, work surface space with cupboards under, stainless steel sink unit, floor mounted oil fired boiler. To the side of the utility room is an enclosed gravelled area where there is a useful storage shed, oil storage tank and an area suitable for bins.

A wooden gate to the side of the property provides access to the rear garden which is thoughtfully arranged with a primary central lawn with block paved (effect) pathways to either side and central brick built former pig shed, with cobbled floor, used for garden storage. The path to one side leads to a large stone paved patio with substantial gazebo over, ideal for garden entertaining. Next to this is the aviary, with timber decking alongside which extends to the summer house and a central garden seating area with adjacent raised garden pond. The lawn extends beyond the timber decking, wrapping around the pig shed, where there is another garden store and a lovely lawned seating area beneath two mature trees which provide adequate shade on a hot sunny day. The path to the other side of the garden follows the boundary of the adjacent ornamental barked garden, enclosed by black metal fencing. Further along the path is the Games Room which currently houses a pool table, racing simulator and bar with fridge, a fun haven for those looking to escape. N.B. the primary contents in the games room can be available, subject to negotiation. Further information on request. Connected to the back of the games room is the workshop, accessed via a wooden gate from the main garden and with adjacent productive vegetable and fruit garden. Beyond the cottage garden is a post and rail fence with pedestrian gate to the middle which leads to the enclosed paddock. A short walk to the end of the paddock provides a fantastic outlook across adjacent farmland as far as the eye can see.
