## Description

As you approach this impressive home, the first thing to catch your eye is the elegant glass canopy and the beautifully tiled frontage that spans the width of the property. This inviting space offers the perfect spot to enjoy your morning coffee while taking in views of the charming front garden. Stepping through the front door, you are welcomed into a generous entrance hall, immediately struck by the characterful features and wonderfully high ceilings.

To the left lies the lounge/diner — a stunning, light-filled room enhanced by large windows to both the front and rear. The space is further complemented by attractive wood flooring, built-in shelving, and a striking wood-framed fireplace. To the right of the hall is another versatile reception room, currently used as a snug but equally suited as a playroom or home office. This room also enjoys wooden flooring and a large bay window framing lovely views over the front garden.

Towards the rear of the hall, you'll find a further reception room complete with fitted storage cupboards. A door from here leads into the kitchen, which is fitted with a range of white wall and base units, an integrated oven and hob, and space for a fridge. A rear door provides direct access to the garden.

Upstairs, the first-floor landing is a bright and welcoming space, illuminated by a large window and finished with a stylish light fitting. This level offers four bedrooms and the family bathroom. Bedroom One is a superb, naturally bright room with fitted cupboards and ample space for furnishings. Bedroom Two is another excellent double room with fitted storage and lovely views over the front garden. Bedrooms Three and Four are also generous doubles, each benefiting from built-in storage and views across the rear garden. The family bathroom completes this floor, featuring wall tiling, a bath with shower over, WC, hand basin, and bidet.

Outside, the rear garden has been designed for low maintenance. Directly from the kitchen is a covered patio seating area, ideal for enjoying the outdoors in all weather. Beyond this, the garden is laid to artificial lawn. A large workshop/store sits to the rear, equipped with electricity and plumbing for a washing machine. There is also an outside WC and an additional good-sized store.

To the front, wooden gates open into the garden where mature trees and shrubs create a welcoming approach. There is also driveway parking for two to three vehicles.
