## CHILTERN DEVELOPMENTS

Chiltern Developments was established in 2010 and undertakes residential and mixed-use development projects in Hitchin and the surrounding area.

Chiltern has developed new build properties, conversions, and refurbishments, including extensive work with listed buildings. In every development Chiltern takes great care to incorporate and use the individual scheme's location and characteristics. This coupled with a design led approach leads to fantastic bespoke designs, always targeted at the end user.

Chiltern takes pride in every project and creates individual, functional and attractive homes delivered with an open plan design for modern living with a high-quality finish.

Recent projects include:

Manor Courtyard, Bancroft, Hitchin, SG5 1JW – recent scheme of five luxury apartments and two large, detached townhouses in the heart of Hitchin's town centre. The project included both new build and conversion elements, with an existing office building converted into the new apartments, all built and refurbished to a high specification. The creation of a new archway reflected the historic nature of the town centre and the land behind was

able to be used to create two new detached dwellings of impressive scale. The new houses were three storeys, to a very high specification, including top floor balconies and lifts.

93 Datchworth Green, Datchworth, SG3 6TL – a brand new executive home on Datchworth Green. The property offers fantastic open plan living accommodation, high quality kitchen and bathrooms, with four double bedrooms in the heart of this picturesque village.

Church View Apartments, Portmill Lane, Hitchin, SG5 1EU – a selection of exclusive apartments in Hitchin town centre. The large, well designed apartments were built to a high specification throughout, including two fantastic Penthouse homes with wrap round balconies and huge roof terraces. Small details such as underfloor heating throughout, store rooms on the ground floor and ample parking gave the apartments extra distinction and proved popular with residents.

Old Ramerick Barns, Bedford Road, Ickleford, SG5 3SB – a development of two barn style new build houses in a rural setting. The design of the scheme reflected its rural location and the historic farmyard, including re-creating a courtyard with the new dwellings and careful material selection to reflect its historic use.
