STEP INSIDE

The ground floor offers effortless flow, perfectly designed for modern family living and sociable entertaining. From the moment you step into the impressive reception hall, with its decorative tiled floor and underfloor heating, Sycamore House sets the tone. A central staircase rises elegantly to a galleried landing above, creating a wonderful sense of space and light.

The cosy snug provides the perfect retreat, complete with a log burning stove for those winter evenings. The main sitting room is light-filled and inviting, with painted beams, a feature log burner and bi-fold doors opening seamlessly onto the paved patio and landscaped gardens beyond.

Double doors from the sitting room lead to the dining room which comfortably accommodates a large table for gatherings and flows naturally into the breakfast kitchen — the true heart of the home with views of Sutton Bank. Crafted by Peter Grainger of Bedale, this bespoke Pippy Oak kitchen blends country charm with quality craftsmanship, featuring granite work surfaces, a pantry cupboard with shelving and workspace, an abundance of base and wall units, and extensive storage throughout.

A separate utility room with newly fitted granite worktops and a cloakroom complete the ground floor accommodation.

UPSTAIRS

Upstairs, the spacious principal bedroom enjoys lovely open views and has an en-suite. Two further generous double bedrooms share a stylish Jack and Jill bathroom, while the fourth double bedroom — currently used as a home office — offers flexibility for growing families or those working from home. The elegant family bathroom has also been beautifully refitted.

GARDENS AND GARAGES

Externally, the landscaped gardens are private and thoughtfully designed, with open views across farmland and a far-reaching rural vista to the rear. The refurbished patio area is ideal for entertaining, complete with a stone and granite BBQ/food preparation table and a striking slate feature fountain.

A fully insulated and heated outbuilding, currently styled as an outside bar with internal and external lighting, creates a fantastic entertaining space all year round. In addition, the double garage is 'oversized' with two electrically operated doors and a rear door from the garage leads to a covered entrance porch into the back door of the house. There is a further substantial shed designed to house a sports car.

The gravel drive is served by large double electric gates for added privacy and convenience.

Sycamore House is a truly special home — offering space, style and countryside views, all wrapped up in a beautifully presented and versatile family residence.
