Tucked away in a quiet cul de sac in the heart of Stockwood, this contemporary four bedroom family home is offered to the market with no onward chain and presents a superb opportunity for a wide range of buyers.

The accommodation is both spacious and versatile, providing an excellent blank canvas while already benefiting from a number of recent improvements. The ground floor features a generous lounge with a newly installed electric fireplace and French doors opening onto the rear garden, a well proportioned kitchen diner ideal for everyday family life and entertaining, and a recently refurbished ground floor cloakroom. New LVT flooring runs through key areas of the home, adding a smart and modern finish. A recently installed boiler and new radiators further enhance the home's comfort and efficiency.

Upstairs, there are four well sized double bedrooms along with a recently refurbished family bathroom, offering ample space for growing families, home working or visiting guests.

A real highlight is the property's position backing onto open green space, enjoying pleasant views and direct access to nearby woodland and a nature reserve, ideal for peaceful walks and outdoor enjoyment. The west facing rear garden also benefits from afternoon and evening sun.

The home further benefits from a substantial garage with a dividing wall and access through to a workshop, presenting exciting potential for conversion to an annexe, subject to the necessary works and permissions. A driveway provides off street parking.

The current owners have advised that new double glazed windows, patio doors and a front door were installed in 2024, along with new loft insulation and roof tiles (certified September 2025).

In summary, this is a well located and flexible family home combining recent upgrades, generous space and green surroundings, all within easy reach of local amenities.
