A welcoming entrance hall is accessed through the front door and provides entry to the principal ground-floor rooms, with stairs rising to the first floor. Positioned at the front of the property, the sitting room is a bright and comfortable reception space. Plenty of natural light enters through a large window, which also provides a pleasant outlook over the surrounding area. Ample space is available for a range of sofas and additional freestanding furniture, making this an ideal room for relaxing and entertaining.

Located towards the rear of the property, the separate dining room offers generous space for a

full-sized dining table and chairs, together with additional furniture. Direct access into the conservatory creates a sociable and versatile arrangement, well suited to family meals, entertaining and everyday living. Opening from the dining room, the conservatory provides an additional light-filled reception space overlooking the rear garden. Offering a range of potential uses, this versatile room could serve as a family room, playroom, home office or informal seating area, with views across the lawn and mature planting. Fitted with a modern range of base and wall-mounted units, the bespoke kitchen is complemented by work surfaces and integrated appliances.

Additional space is provided for freestanding appliances, alongside useful storage and preparation areas. Direct garden access is available through a rear door, allowing easy movement between the indoor and outdoor spaces. Completing the ground-floor accommodation is a convenient cloakroom fitted with a WC and wash hand basin.

From the first-floor landing, access is provided to all three bedrooms and the family bathroom. Situated at the front of the property, the principal bedroom is a spacious, light and airy double room. Far-reaching countryside views are a particular feature, enhancing the sense of space and creating an attractive outlook. Generous proportions allow plenty of room for a double or king-sized bed, wardrobes and additional bedroom furniture. Bedroom two is another well-proportioned double room and is positioned at the rear of the property. Views extend over the rear garden, including the lawn, mature planting and apple trees beyond. Bedroom three is a good-sized single room and would also work well as a child's bedroom, guest room, nursery or home office. Finished with a stylish white suite, the contemporary family bathroom comprises a freestanding bath, separate corner shower enclosure, wash hand basin and WC. Having both a separate bath and shower creates a practical and attractive space for family use.

Arranged in two principal sections, the generous rear garden is fully enclosed and predominantly laid to lawn. Plenty of space is available for children, pets, outdoor dining and entertaining, while the enclosed boundaries provide a good degree of privacy and security. At the far end of the garden, a substantial shed/workshop offers useful storage or potential workspace. Beside the workshop, a mature orchard area features established apple trees, adding character and a productive element to the garden. To the front, a wide driveway provides off-road parking for approximately three to four vehicles.
