The dining room sits to the front of the property and offers a versatile space for family meals, entertaining or everyday use. Its position gives the room a pleasant sense of separation while remaining conveniently connected to the rest of the ground floor.

To the rear, the kitchen provides a practical and sociable space with direct access out to the elevated patio. This creates an easy connection between the indoor living space and the low-maintenance outside area, ideal for enjoying the outlook and making the most of the property's raised position. The patio also leads down towards the double garage, adding further practicality.

A downstairs WC completes the ground floor accommodation.

The living room is positioned on the first floor, offering a bright and comfortable space to relax. With plenty of natural light and attractive views, this room provides an excellent main reception area and adds to the home's overall sense of space and character.

Bedroom two is another well-proportioned room, ideal as a double bedroom, guest room or children's bedroom. Bedroom three also offers good flexibility and could be used as a further bedroom, nursery or home office, depending on the buyer's needs.

Bedroom four provides additional accommodation and adds to the home's appeal for families requiring flexible space across multiple floors.

The family bathroom serves the remaining bedrooms and is presented in keeping with the overall condition of the home.

Outside, the elevated patio garden is designed to be low maintenance while still providing a pleasant outdoor seating area. From here, steps lead down to the double garage, which offers excellent parking, storage or workshop potential.
