A FANTASTIC opportunity for families, first-time buyers, or investors.

As you step through the front door, the entrance hallway provides a welcome entrance to the property and the perfect space to store shoes and hang coats. The hallway leads into a bright lounge at the front of the house.

It's a well-sized room with a large window that lets in plenty of natural light—ideal for relaxing or setting up a TV area.

Moving through to the rear, you pass by the dining room, which serves as a central hub between the front reception and the kitchen. There's ample space here for a dining table, but it could also be adapted into a second sitting room, study, or play area depending on your needs.

Continuing towards the back of the house, you reach the kitchen. It's a functional layout with enough space for all standard appliances and units. Just beyond the kitchen, you'll find the main bathroom, which includes a bath with overhead shower, a WC, and a wash basin. It's conveniently placed and easy to access from the main living areas.

Heading upstairs to the first floor, you arrive on a landing that connects to the bedrooms. At the front of the house is Bedroom one, a spacious double with room for wardrobes and other furniture. Just behind it is Bedroom two, another double room that overlooks the rear garden—perfect for children, guests, or as a secondary main room. Bedroom three is a well-proportioned, light and airy room with ample space. There's also a separate toilet on this floor.
