The ground floor has been thoughtfully designed to provide a sense of openness and connection throughout. A welcoming living area to the front features a sash-style window and a charming fireplace, seamlessly leading into the open-plan dining room - an ideal space for entertaining or family life. The generous layout allows for a natural flow between the sitting and dining areas, balancing period proportions with a modern, sociable feel.

To the rear, the modern kitchen is fitted with contemporary units and opens onto a useful utility room, offering excellent storage and access to the rear courtyard and detached outbuilding. The layout ensures a cohesive sense of space while maintaining distinct functional zones.

The first floor offers two well-proportioned bedrooms & family bathroom. Bedroom two, positioned at the front, enjoys ample natural light and room for furnishings, while Bedroom Three provides a comfortable guest bedroom, nursery, or study.

A beautifully appointed family bathroom completes this level, featuring a freestanding roll-top bath, a separate walk-in shower, and high-quality fittings.

Occupying the entire top floor, the principal bedroom is a superb dual-aspect space, flooded with light and full of character. Subtle eaves detailing and areas of restricted head height enhance its charm, creating a tranquil and private retreat.
