From the moment you arrive, the charm is undeniable. Two stone steps, framed by iron railings and a traditional wall, lead to the front door, while a gentle side slope provides easy access to the southerly rear garden - a peaceful haven for enjoying morning coffee or evening sunsets.

Inside, the layout is full of surprises. Entering on the first floor, you'll find a welcoming staircase leading down to the farmhouse-style kitchen and up to the bedrooms and bathroom above.

The lounge/diner is a standout feature, with its exposed stone wall adding a cosy, cottage feel. There's ample space for a family dining table and comfortable seating, making it the perfect spot for entertaining or unwinding after a day exploring the Jurassic Coast.

Downstairs, the kitchen/breakfast room is a true heart-of-the-home space. Exposed wooden beams, white cabinetry, and bamboo-effect worktops create a rustic yet fresh aesthetic. There's room for a range-style cooker and all your utilities, plus a central breakfast area ideal for casual dining. The vendors have installed a WC, cleverly designed with space & provisions for a washing machine and tumble dryer, also creating a discreet laundry zone. A boot room housing the boiler, provides a practical space for coats, shoes, and outdoor gear. Glance out the window and enjoy views of the garden - a lovely backdrop for everyday living.
