Stepping through the front door into the hallway, we are greeted firstly by the kitchen. A practical and well-equipped room with sleek base and eye-level storage cabinets, modern granite-effect work tops and inset sink. The appliances in the kitchen are included as part of the sale to include a fridge, freezer, washing machine and cooker. The L-Shaped kitchen also has the benefit of a breakfast bar. A bright kitchen window

over the sink provides a lovely outlook whilst washing up. Adjacent to the kitchen is the reception room. This is an ideal place to create a family living area, with characterful Purbeck stone fireplaces surround in situ, creating a welcoming ambience in the room. Here there is plenty of space for a large cosy sofa suite, coffee table, TV and console, and extra space for storage or display units.

The hallway provides access to built in storage and leads us on to the family bathroom. This bright and clean space comprises a fitted panelled bath and shower over, W.C., and wash basin, all conveniently situated adjacent to the bedrooms. Bedroom one is a generous double bedroom with ample built in storage and access onto the decking. From here one can enjoy pretty views over the garden and far-reaching views towards the Purbeck Hills. Bedroom two is another good sized double, ideal as guest accommodation. There is plenty of room for a large double bed, and free-standing storage, and perhaps a desk to work from home whilst enjoying the outlook over the garden.

Outside, the property benefits from a large rear garden and patio, just waiting to be landscaped into a beautiful escape for you to enjoy. The winding rear garden is mostly laid to gravel and lawn, whilst compliments by the paved patio area, perfect for entertaining and barbeques in the warmer months.

The parking available could easily host several vehicles, and the garage (with light and power) provides an ideal place to keep garden tools, or beach equipment seeing as the award winning Swanage beach is close by. Currently, there are solar panels in situ, making this home energy efficient.
