Description

Meadow Road is located on the Western edge of Pickering and is a quiet established street lined by both houses and bungalows which were built primarily in the 1970's. No.1 is a detached chalet bungalow located at the very start of the street. It has a Northerly front aspect with a resulting South facing, well stocked rear garden as well as an integrated garage and ample drive parking in front of it.

Inside the accommodation is over two floors with a sitting room that spans the full depth of the property and that also opens onto a conservatory that overlooks the rear garden. There is a fitted kitchen, again to the rear of the property, with an adjoining dining room to one side of it and a utility room to the other. No.1 also has a ground floor room allocated as a good sized double bedroom. From the central entrance hall stairs rise to access two further bedrooms along with the house bathroom.

Outside there is an established front garden with shrubs and herbaceous plants which is flanked by a double width hardstanding drive. A footpath runs around the side of the property accessing a good sized, private garden which is mostly to lawn but with colourful herbaceous beds, a paved patio and a timber framed shed.
