About the Property

NET YIELDS IN EXCESS OF 10%!!!

City Residential are delighted to bring to market this excellent investment opportunity to acquire a self-contained studio apartment. Plato House is a modern, purpose-built student accommodation development, ideally located in close proximity to Liverpool's major universities.

The studio is fully self-contained and comprises an open-plan living and sleeping area, a fitted kitchenette, and a private en-suite bathroom, making it highly attractive to the student rental market.

The unit is currently let, generating a gross annual income of £8,400. After the deduction of management and operational fees, an investor could be looking at a potential net yield in excess of 10%, offering strong returns in a consistently high demand location.

The building benefits from a range of on-site communal facilities designed to appeal to modern student living, including secure bike storage, a shared laundry room, and well presented co-living and social spaces. With Liverpool continuing to be one of the UK's most popular student cities, this property represents a fantastic hands-off investment opportunity.
