Ground Floor
A storm porch leads to the front door that opens into a light and airy tiled entrance hall, with a door opening to the principal reception room and stairs rising to the first floor. The main reception room has a bay window to the front aspect and engineered wood flooring. This open plan living and dining space is flooded with light with a second window to the rear aspect. From here a door opens into a fitted kitchen which has a range of base and eye level units finished off with a roll top work surface over. The second bathroom which has been fitted with a white four piece suite including separate bath and shower cubicle, is also positioned at the ground floor level.

First Floor
Rising to the first floor landing, doors open to all three bedrooms and to the family bathroom which has been refitted with a luxuriously appointed three piece suite, including independently operated shower unit with screen over the bath and fully tiled walls. The main bedroom is positioned at the front of the property with floor to ceiling fitted wardrobes and window shutters. The two remaining bedrooms overlook the rear garden.

Outside
An original quarry tiled pathway leads to the front door, with a small garden area laid with stones and planted with alpine plants and grasses. The rear garden is mainly laid to lawn and fully enclosed by fencing with mature herbaceous borders to both sides. At the rear boundary there is a timber framed summer house, a fruit and vegetable patch, and an extensive patio area laid to limestone, making it an ideal place for al fresco dining in the summer months.

The Location
Berkhamsted itself is a busy market town, located to the West of Hertfordshire and just 30 minutes from London by train. Perhaps the towns most prominent role in National affairs came in 1066 when William the Conqueror was handed the English Crown. Berkhamsted Castle was built following the granting of the crown, and famous names associated with it include Geoffrey Chaucer who was Clerk of Works, and Thomas Becket who was Constable of the Castle in the 12th Century. Substantial ruins of the Castle still remain today.

The A41 dual carriageway runs to the South of the town, providing an excellent connection to Hemel Hempstead, Watford, Tring and Aylesbury.
