If you are looking for a property within walking distance of the High Street & Station and with a plot of 1/4 of an acre - this is for you!!

Ground Floor

A soon as you walk through the front door you are immediately struck by the fact the current sellers have equipped this house to the very highest of standards. Directly in-front of you the stairs rise to the first floor landing with windows at both ground and first floor level. There is a ground floor cloakroom just off the entrance hall and a door opening to a dedicated reception room to the left hand side which has full height bay window to the front. To the right hand side a door opens to what can only be described as the most decadent of entertaining spaces - the open plan kitchen/dining/living room. Clearly zoned into three distinct spaces the first area is set up as the living space which has a window to the front. Adjacent to here is the kitchen/breakfast room which has a range of high quality fitted based and eye level units including a host of fitted appliances and a central island breakfast bar area. Passing through this area you are lead to the extensive dining space which is large enough to accommodate even the very largest dining room tables. With bi-folding doors to the rear and a window to the side, natural light floods this space. From here steps take you down to a utility room which has a door opening into a brilliant cinema room.

First Floor

The large first floor landing has a hatch opening to the attic space and doors opening to all four double bedrooms. The family bathroom is fitted with a white four piece suite including wall hung wash basin, panelled bath, separate walk in shower cubicle and low level wc. The principal bedroom which has far reaching views over the extensive rear garden also boasts an ensuite shower room with walk in double width shower cubicle.

Outside

The impressive nature of the inside of this property continues to the outside. The rear garden is an entertainers paradise. A good size patio area with glass balustrades leads down to a secondary patio area with a flush composite decked area with hot-tub recessed. Steps then leads to the main portion of the garden which is laid to lawn with a variety of mature specimen trees to the boundaries to provide excellent privacy. There is a powder coated stainless steel pergola to the side which is ideal for entertaining since the roof slates electronically open and close to allow the sun in and rain out. To the inside of the pergola is LED lighting and a wall mounted outdoor heater. There are a number of outside power points under the pergola and a wall mounted TV point.
