The Property
Although not strictly speaking a retirement apartment, the development is exclusively for the over 55's who are looking for a more interesting home that has been completed to a high specification. Lord Rothschild first acquired the Rose & Crown Inn towards the turn of the last century and gave this landmark building an opulent Tudor façade, recognising it as one of the most significant and respected buildings within the county. As soon as you access the grounds from the front and enter via the significant wooden gates, you can tell that you're somewhere really special. The secure telephone entry provides access to the communal entrance hall which has a magnificent staircase providing access to the first floor landing. This apartment however is just a short walk through the inner courtyard,

The Accommodation
As you enter into the apartment, stairs lead to the spacious reception hallway which gives direct access to the principal reception room, where you will be pleasantly surprised by the size and the fact it is divided into a formal living and formal dining space. This room has stunning Tudor style windows with monkey tail handles and levers and the fact there are several windows ensures natural light flows through this space. The kitchen/breakfast room is positioned next to the main reception room and boasts a wealth of high quality base and eye level units with a number of integrated appliances and work tops over. The kitchen provides ample space for table and chairs. The main bedroom overlooks the front and not only has the advantage of a dedicated balcony but a range of fitted wardrobes and a luxuriously appointed ensuite bathroom with shower unit over the bath. The second bedroom also has fitted wardrobes and benefits from the shower room which is just across the hallway.

The property has been tastefully completed throughout and enjoys conservation style sealed unit windows to the rear, central heating, attractive white painted and glazed internal doors and high quality wood effect flooring. As well as the formal gardens at the front there is an additional partly walled garden to the rear and allocated parking.
