A grand entrance hall has a sweeping staircase rising to the first floor landing area and has the benefit of a full height storage cupboard under. From the entrance hall there are doors opening to the kitchen, the family room and the living room. The living room is positioned in the traditional front area of the house which is dual aspect with a bay window over looking the front garden and window to the side and the benefit of an open grate fireplace. The family room also has a window to the side and the advantage of a cast iron wood burning stove. The family room opens directly to the extensive dining area which has triple width sliding patio doors opening to the rear and opens directly to the kitchen area which has been fitted with a comprehensive range of base and eye level units incorporating several drawers and breakfast bar area.

Just off the kitchen is a useful utility room which leads to a ground floor cloakroom which is fitted with a white two piece suite to include low level wc and wash basin. The family bathroom is exceptionally spacious and has been fitted with a white three piece suite to include a wash basin, low level wc and a tongue and groove panelled bath. There are two windows to the rear and a cupboard in the family bathroom.

Bedrooms
The property is well served by five good size bedrooms. The first floor is home to three of the bedrooms with the principal bedroom benefitting from a bay window to the front and fitted wardrobes. The second bedroom overlooks the rear garden while the third bedroom also has an aspect to the front. The second floor landing has doors opening to a further two double bedrooms (that's five in total!) and a door opens to a luxuriously appointed bathroom with double length walk in shower, wc and wash basin.

Front Garden
Located in a set back position the property has a low level brick wall to the front which is screened yet further by mature hedging. A pedestrian gate opens to paved pathway which leads to the front door. The garden area at the front is mainly laid to lawn with a feature specimen tree and mature borders.

Driveway/ Garage & Home Gym
A good size area of hardstanding provides an initial parking area which has wrought iron gates opening to a secondary parking area which also leads down to a larger than average detached garage with up and over door, power and light. The rear section of the garage has been converted into a home gym which has wood panelled walls, power and light.

Rear Garden
The rear garden benefits from a southerly facing aspect and has a good size patio area directly to the rear of the house which extends to the main part of the garden which is mainly laid to lawn and enclosed by fencing and brick retaining wall to all three sides. One of the main features of the rear garden making it ideal for al fresco entertaining is the outdoor kitchen area which boasts an integrated gas fired BBQ, refrigerator, work tops and slate cladding.
