## Details:

Amco Commercial are delighted to bring to the market this modern and highly functional industrial unit extending to approximately 2,664 sq ft, forming part of a secure and well-established industrial estate on Reservoir Road, Hull. The unit offers excellent internal volume, with tall ceiling heights making it well suited to occupiers requiring efficient warehouse, storage, production or trade counter accommodation.

Internally, the property provides predominantly open-plan industrial space with a solid concrete floor and an efficient, flexible layout. The generous height and clear span allow for effective racking, machinery installation or high-volume storage, lending the unit to a wide range of logistics, manufacturing or distribution-based uses.

Access is via a substantial electric roller shutter door, providing straightforward vehicle access and ease of loading directly from the yard. Externally, the unit benefits from extensive secure on-site parking and yard areas, suitable for staff vehicles, deliveries and servicing.

The unit forms part of a larger industrial site where additional units of varying sizes are available, offering flexibility for expanding occupiers. Accommodation of up to approximately 20,000 sq ft can be taken either separately or combined to create a single larger facility, subject to requirements.

The property is well located for access across Hull and the wider region, with easy routes into the city centre and Hull docks via the A63, providing a direct link to the M62 motorway and the national motorway network.
