

42 Main Street, High Bentham, LA2 7HN Offers Around £275,000

Substantial investment property in the heart of High Bentham, a popular market town. Currently let to the Bentham Hub - a thriving local organization raising funds for good causes in the area - the property extends to approx. 3,000 sq. ft. over 3 floors.

Prior Approval has been obtained to convert 42 Main Street into a mix of residential and commercial accommodation - providing further options for investors and developers.

Available with no chain, viewings are conducted outside of trading hours.

42 Main Street

The ground floor accommodation briefly comprises a generous double-fronted retail shop with excellent display windows, together with a staff kitchen and office/store.

The first floor currently provides further commercial space, arranged as three large showrooms with a staff cloakroom. Planning permission has already been granted to convert this upper accommodation into two self-contained flats—one at first-floor level and one at second-floor level.

In addition, prior planning approval was granted for revised plans proposing an alternative scheme comprising a bedsit on the first floor, alongside two self-contained duplex flats arranged vertically and spanning both the first and second floors. This approved scheme would provide three residential units in total, with each flat benefiting from private accommodation across both levels.

Outside, there are two secure stores to the rear, with a locked passageway providing access to a small yard and fire escape. Under either conversion scheme, these stores could serve as utility rooms and provide practical access for the residential units.

A prominent mixed-use property occupying a central position on Main Street, High Bentham, offering an excellent opportunity for developers and investors.

The property benefits from prior planning

permission for three self-contained residential flats, with a commercial unit retained at ground-floor level, providing a clear and deliverable development scheme.

Arranged over multiple floors, the building offers well-proportioned accommodation suited to the approved plans. Prior planning permission is in place, removing planning risk and enhancing the appeal of this town-centre opportunity.
