A generous 1/2 double bedroom flat which occupies the entire ground floor of an imposing Victorian building and has a glorious southerly paved garden with mature shrubs and plants. The high-ceilinged double reception is to the front with a bay window and shutter-style doors to enable the room to be partitioned if and when required. There are French doors from the rear of the reception which open onto the side return area of the garden. The bathroom and kitchen are off the double bedroom with the L-shaped kitchen having direct access onto the garden. There is also access to excellent cellar storage. This characterful flat of approximately 798 sq ft is situated on one of Brook Green's most desirable residential roads and provides great scope to refurbish and reconfigure to one's own taste and style. The property offers flexible accommodation and is currently configured as a 1 bedroom flat but could also be extended over the side return and the cellar/basement could be excavated as others have done on the street subject to the usual planning consents.

*We have been advised that the vendors are extending the lease
