Planning

Description

The land comprises a single enclosure of pastureland extending to approximately 2.66 acres (1.07 hectares), together with a wooden stable block providing two 12ft x 12ft stables and a further timber structure formerly used as stabling. The land benefits from well defined stockproof post and wire fencing and hedgerow boundaries throughout, with gated access set back from Banbury Road.

According to Natural England, the land is classified as Grade 3 on the Agricultural Land Classification maps, being slowly permeable, seasonally wet slightly acid but base-rich loamy and clayey soils with moderate fertility.

The land would be suited to equestrian or alternative use subject to obtaining the necessary planning consents.

Services

The vendors believe the property is not connected to any mains services.

Purchasers should make their own enquiries regarding the location of the mains service supplies. The cost of providing such services to the site will be at the purchaser's own expense.
