DESCRIPTION

Brookes Farm, constructed of brick under a tiled roof is believed to date back to the mid 19th century and is approached over a patterned imprinted concrete drive to a car parking and turning area. The house extends to about 1,800 square feet and has four double bedrooms, two bath/shower rooms and three reception rooms. The rooms are versatile and can be adapted to suit the needs of a future buyer. The house is in good order overall whilst also offering further potential to modernise to suit individual requirements. Brookes Farm is full of character with exposed beams and a multifuel stove.

Outside, the garage block (660 square feet) is a significant asset and could be converted, (subject to planning permission) into ancillary accommodation or adapted for home business use.
