DESCRIPTION

Westwinds, built in 1964 of brick under a tiled roof, stands well back from the road, approached over a gravel drive leading to double gates and a large car parking and turning area. The present owners have refurbished and radically transformed the bungalow over the last 12 months so as to create an on point home with contemporary living concepts all of which is finished to an excellent standard. The well lit accommodation is tastefully decorated throughout. With large gardens the bungalow offers scope for enlargement, indeed, planning permission was granted for an extension (now lapsed).

Externally, your attention is particularly drawn to the 536 square feet four car garage/workshop that could be utilised to suit individual requirements, subject to planning permission. The bungalow is set in a generous size plot of about .33 of an acre. The gardens have been designed for ease of maintenance and feature lawns, raised borders, rhododendrons, fruit trees, blocked paved and gravel areas.
