DESCRIPTION

The Coach House is constructed of brick under a tiled roof and approached over a block paved drive. It is a most individual and thoughtfully designed split level property converted from the former Coach House to Beech House. The renovation was carried out by John Williams, a local builder of repute. This charming home offers an adaptable living space of 1,350 square feet plus the integral garage (225 square feet) and has been refurbished to an excellent standard. A particular feature being the well proportioned living room with French windows enjoying a Southerly aspect over the well nurtured gardens.

Externally, the gardens are a delight, have matured over the years and provide colour and interest through the seasons.
