Modern heritage design flows throughout, from the hand painted black farmhouse door to the recessed spotlighting and colour dipped walls. The large open plan kitchen dining area benefits from a wealth of natural light. A multitude of kitchen units line the back wall in natural dark greens, set beautifully against subway tiling and lit under adjustable industrial light fittings. The kitchen island is fully customisable, resting on lockable wheels for a range of hosting options. Up the bespoke steel staircase in natural sisal carpeting, discover a sizeable double bedroom with useful alcove space and deep set window hand painted in jet black. The bathroom is exquisitely designed merging both historic mews and city chic with floor to ceiling metro tiling and contrasting grout forming a backdrop to your Butler sink, roll top bath with double headed rainforest shower and chunky heated towel rail. The master bedroom adjacent houses double doors out on to the private decked roof terrace, with glass frame and secluded views over rooftops and the communal gardens below. Look out over carefully planted greenery that frames the winding path, lit magically by standing lamps and hidden spotlights, picturing your new life in the heart of Inner North London.
