All The Ingredients Needed For A Fabulous Lifestyle

Positioned within the popular village of Sandridge, this impressive semi-detached house on Hopkins Crescent presents a rare opportunity to acquire a fully income-producing asset in one of St. Albans' most desirable locations. The property has been thoughtfully reconfigured and upgraded to create four individual, self-contained apartments, each finished in a clean, modern style to suit today's rental market. Extending to approximately 1,239 sq ft, the building offers a well-balanced mix of accommodation designed for both comfort and practicality. All apartments are currently let, providing immediate and consistent rental income from completion. This makes the property particularly appealing for investors seeking a stable, ready-performing addition to their portfolio without the delay or costs associated with initial setup. The semi-detached nature of the house offers a greater sense of space and independence compared to larger blocks, while the inclusion of communal garden areas adds an extra lifestyle benefit for tenants and helps support long-term occupancy. Located just moments from Sandridge High Street, the property enjoys easy access to a range of local amenities including shops, cafés, and everyday conveniences. St. Albans city centre and the mainline station are also within easy reach, further strengthening its appeal to tenants and ensuring continued demand. Offered to the market chain free, the purchase process is straightforward and efficient. There is also scope for further enhancement or extension (subject to the usual planning consents), offering future potential to increase both accommodation and overall return.

Cassidy & Tate have taken all reasonable steps to ensure the accuracy of the details supplied in our marketing material however, details are provided as a guide only and we advise prospective purchasers to confirm details upon inspection of the property. Cassidy & Tate will not be held liable for any costs which are incurred as a result of discrepancies.
